EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Paul A. Mendonsa on April 28, 2004.

The application has been amended as follows:

Claims 11 and 14-18 have been canceled.

The changes serve to cancel the non-elected claims and place the case in condition for allowance.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of claim 2 is that the prior art of record does not teach a data input device having a first plurality of keys provide input of a first set of alphanumeric characters in response to a single keystroke and input of a second set of alphanumeric characters in response to multiple keystrokes and a second plurality of keys provide control functionality. The first plurality of keys dispose within a first portion of a housing on a first side and the

second plurality of keys disposed within a second portion of the housing on the first side and substantially aligned with the first plurality of keys.

The primary reason for allowance of claim 22 is that the prior art of record does not teach a data input device having a first plurality of keys provide input of a first set of alphanumeric characters in response to a single keystroke and input of a second set of alphanumeric characters in response to multiple keystrokes and a second plurality of keys provide control functionality. The first plurality of keys disposed within a first side of a first housing and the second plurality of keys disposed within a first side of a second housing.

The limitations in the claims are not rendered obvious by any proper combination of the prior art known to the Examiner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
